June Employee of the Month
Winner: Dan Hildreth
Nominator: Kelly Martin

Kelly Martin nominated Dan Hildreth for June Employee of the Month. A long overdue appreciation for Dan’s outstanding commitment to Cornell and the CHP. He is the poster child of hard work and diligence day in and day out at the CHP. Dan is one of the hardest working, most committed individuals who tirelessly strives to make the plant run in the most efficient way possible due to his vast mechanical knowledge. After the unfortunate incident at the CHP when the fire left the plant in a less than comfortable operating position, Dan worked numerous hours along with many others to get the steam headed back out the door in the fastest and safest way possible. Dan worked closely with the operators and kept an open line of communication so we could be able to get the plant back on line.
